- Retrofit of Curb on Court St.

STREETS IN THE PROJECT:

E. Sibley
Gay St.
Court St.

2016 Street Improvement Project

The City recently awarded the 2016 Street Reconstruction contract to Spartan Paving , Inc.

The work will consist of pulverizing and resurfacing the street surfaces on Gay St. between S. Tompkins St. and the Southwest School, E. Sibley St. between National St. and the Promenade Mall, and Curb installation on Court St. between Monroe St. and Summit St. This will require street closures with work activity to be **intermittent, please observe all construction and “no parking signage”**.

There will be no water or sanitary sewer work associated with this project. If you are having sewer issues on your private line repairing prior to construction should be considered as the City can waive costs associated with repairs of the roadways and greenbelt. If you are considering repairs on your sewer service please contact the City of Howell DPW for more information.

Spartan Construction has submitted a schedule for work to begin July 11th with completion of the total project by July 29th. This schedule is dependent on weather.

If you have special needs or activities during this period please contact the DPW at 517-546-7510.

IMPORTANT INFORMATION TO REMEMBER

- Streets will be closed temporarily during construction activity.
- Driveways will be accessible the majority of the time.
- Please observe all “No Parking” Police Order signage.
- All cross streets/intersections will remain open.
