

ESTIMATE YOUR 2016 PROPERTY TAXES

You can estimate your 2016 property taxes by using the formula below:

Homestead Taxes: Your Taxable Value x .0329 = Estimated Summer Taxes

Homestead Taxes: Your Taxable Value x .0064 = Estimated Winter Taxes

Example: 52,000 T.V. x .0329 = \$1,710.00

Example: 52,000 T.V. x .0064 = \$332.80

Non-Homestead Taxes: Your Taxable Value x .0509 = Estimated Summer Taxes

Non-Homestead Taxes: Your Taxable Value x .0064 = Estimated Winter Taxes

Example: 52,000 x .0509 = \$2,646.80

Example: 52,000 x .0064 = \$332.80

PLEASE NOTE:

This estimate will NOT include any special assessments that may apply to your property.

The millage rates provided are based on 2016 Summer millage rates and estimated winter rates.
