- Meter flange may be picked up at the Department of Public Works, 150 Marion St.
- Meter installation can be scheduled by contacting the Utility Billing Dept. at (517)546-3500.

A Plumbing permit may be required from the Livingston County Building Department.

# Irrigation Meter

- An approved backflow prevention device must be installed and tested on all irrigation prior to the meter installation. A copy of the test must be submitted to the DPW in accordance with the City of Howell's cross contamination program.
- The Installation of an irrigation system within the City of Howell's street right-of-way requires a Right of Way Permit.

## All Meters

The City of Howell Ordinance No. 1044.06 references that a pair of 22 AWG solid wire be installed from the meter flange to the outside. The line and flange must be installed before the meter will be installed. If you have any questions please call the Department of Public Works at 517-546-7510. When the potential for a cross contamination exists, an approved back flow prevention device must be installed and test submitted prior to the meter installation.

2018 METER PRICE INDEX					
SIZE	TYPE	METER ONLY	FLANGE	TOUCHPAD	TOTAL
