An
INVITATION
to attend the

City of Howell
Citizens' Academy

The City of Howell is an exciting place to live and work. There are many challenges we face as our community changes to keep pace with growth, technology, economic pressures and quality of life issues. One of the ways to help meet these challenges together is by attending the Citizens Academy to gain a solid understanding of the assets and constraints of city government.

The City of Howell is providing an opportunity for you to learn about city government including the responsibilities of the city and services the city provides. We hope that you will make a commitment to learn more about your city and share your knowledge with your neighbors, friends and business associates.

We look forward to seeing you there!
